## Features & Benefits

### A touch of wool-like class

Andes Peak provides an outstanding combination of highspecification quality and affordability, with a rich texture and subtle heather that strongly, and beautifully, resembles wool.

### Durable luxury

Although providing a welcome sense of luxury in bedrooms and living areas, Andes Peak remains extremely durable to abrasion and flattening. Rated extra heavy duty for residential applications, it will also cope well in highly active areas, such as hallways and rumpus rooms.

### Stylish simplicity

Andes Peak's neutral, organic colour palette provides a fantastically flexible foundation for a wide range of modern interior design themes and furnishings.

### Colourfast and made to last

Designed to retain its aesthetic appeal for years to come, Andes Peak's colours will not rub off or bleed, and strongly resist fading from sunlight and general wear.

### Easy to maintain

Andes Peak's heathered colours do an outstanding job of hiding soiling, but when cleaning is required it couldn't be easier. The carpet strongly resists staining, moisture, mould and insect damage.

Solid shade carpets may exhibit colour streaking. Tufting of this carpet may incur shift lines across the width of the carpet. This is not a manufacturing fault and will not affect the performance of this carpet. Patterned carpets with directional designs may be subject to pattern distortion. Exact pattern match cannot be guaranteed.

Our goods come with guarantees that cannot be excluded under the New Zealand Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality.
